

A Note from the Library..

We are using a library book bag program with the second and third graders to help cut down on books damaged by leaking water bottles and lunches, and also help the kids keep track of their books at home.

Each student has been given a decorative plastic bag with their name on it. They are expected to put their library books in this bag **EVERY TIME** they put them in their backpacks. The bags are very durable, and students are expected to keep and use their bag for the *entire school year*.

The District 91 PTO has generously provided funding for the initial order of bags; however, there will be a replacement fee of 40 cents for lost bags.

I appreciate your help in teaching our children to become more responsible. Please be in touch if you have any questions or comments.

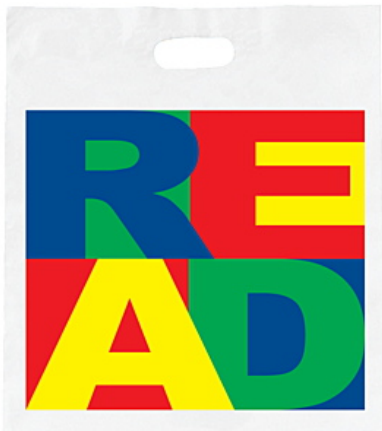

Thank you,

Laurie Tumino
